

## TECHNICAL INFORMATION

FOR PROFESSIONAL USE ONLY

<p><b>IRON REMOVER</b></p> <p>CAR RIM CLEANER</p>	
<p><b>PRODUCT</b></p>	
<p>IRON REMOVER</p>	
<p><b>ART. No.</b></p>	
<p>300010366 (500ml)</p>	

### PRODUCT DESCRIPTION

An effective and fast-acting formula for cleaning rims from iron fallout, volatile rust and brake dust. When in contact with impurities the product turns red. Due to neutral pH, it is safe for all types of car rims and paint.

- Neutral pH – safe for all types of car rims and paint
- High cleaning power
- Easy application
- Quick rinsing
- Does not contain corrosive agents

### USAGE

**How to use:**

1. Spray the product on the contaminated car rim or paint surface.
2. Leave it on until it reacts (approx. 1-2 min).
3. Work the agent out of the surface using a brush or sponge.
4. Rinse thoroughly with pressurized water.

**Attention:** Do not use on hot elements and do not allow to dry on the surface!

### EXPIRY DATE

IRON REMOVER - 24 months from production date

### LIMITATION OF LIABILITY

The information contained in the TDS is up-to-date and correct on the day the information is released. Because TROTON can not control or predict the conditions under which a product will be used, each user should review information in the specific context of the intended usage. To the maximum extent permitted by applicable law, TROTON shall not be liable for damages of any kind arising from the use or reliance on information contained in this TDS.

Given the variety of factors that can affect the usage and application of the TROTON product, some of which are only within the user's knowledge and control range, it is essential that the user evaluate the TROTON product to determine if the product is fit for a particular purpose and whether the product is suitable for the user's usage.

Under no circumstances shall TROTON be liable to the user or any third party for any indirect, derivative, incidental, special or punitive damages, including loss of profits resulting from the use of products manufactured by TROTON and / or TROTON's services.

All information are based upon the precise laboratory studies and many years of experience. The good market position does not release us from the constant supervision of our products quality. However, we are not responsible for the final effects of the improper storage or application of our products, as well as for work inconsistent with the good craft practice.
