

TECHNICAL INFORMATION**TROTON
MIXING CUPS WITH SCALE**

Convenient cups with scale, designed for mixing paint. Made of transparent, plastic certified. Very durable, simple to use and easy to storage, antistatic.

- Clearly printed scale
- Mixing ratio : 2 : 1 , 3 : 1 , 4 : 1 , 5 : 1
- Winterproof plastic
- Available with lids that close even better
- Capacity : 400 ml. , 650 ml. , 1300 ml. , 2240 ml.

Storage :

The cups should not be stored in direct sunlight but otherwise there are no specific pre-cautions, they are not subjected to humidity and there is no shelf life. If the cups are very cold they can become a bit more brittle and break faster when being pressed together.
