

## TECHNICAL INFORMATION

FOR PROFESSIONAL USE ONLY

### KIT FOR PROTECTIVE COATING APPLICATION RANGERS

#### The kit contains :

Blow gun

Disposable nozzle with suction pipe x 2 pcs

#### USAGE

- ✓ Screw the nozzle with the suction pipe and connect to the blow gun
- ✓ Connect and screw the entire body to the can
- ✓ Connect the gun to the air supply line
- ✓ Spray adjustment rotating the front nozzle (regulating the product conduct to 5 mm)
- ✓ Max operating pressure : 10 bar

The product is equipped with a universal spray nozzle that can be thrown away with an empty can. If necessary, the nozzle can be cleaned by immersing it in a small quantity of cleaning solvent (it is made of a solvent-resistant material). In the meantime, you can continue working with another clean nozzle

#### Limitation of liability:

*The information contained in the TDS is up-to-date and correct on the day the information is released.*

*Because TROTON can not control or predict the conditions under which a product will be used, each user should review information in the specific context of the intended usage. To the maximum extent permitted by applicable law, TROTON shall not be liable for damages of any kind arising from the use or reliance on information contained in this TDS.*

*Given the variety of factors that can affect the usage and application of the TROTON product, some of which are only within the user's knowledge and control range, it is essential that the user evaluate the TROTON product to determine if the product is fit for a particular purpose and whether the product is suitable for the user's usage.*

*Under no circumstances shall TROTON be liable to the user or any third party for any indirect, derivative, incidental, special or punitive damages, including loss of profits resulting from the use of products manufactured by TROTON and / or TROTON's services.*

*All information is based on meticulous laboratory tests and many years of experience. An established position on the market does not release us from continuous quality control of our products. However, we are not responsible for the final effects of improper storage or use of our products, and for work that is not in line with good craftsmanship.*
